

Athletics, Extra-Curricular & Co-Curricular Activities

Athletics, extra-curricular & co-curricular activities are a wonderful way for our students to develop good leadership, communication, and team-building skills. They are avenues for them to express themselves socially, create friendships and learn how to manage and develop their talents.

Our athletic teams are focused on how to develop skill while building teamwork. St. Anthony is a proponent of the “Play Like a Champion” philosophy. All volunteer coaches are asked to impart the values of this philosophy and those of Christian athletics and sportsmanship to our students. In Grades 5 through 8, St. Anthony offers football, boys' and girls' soccer, boys' and girls' basketball, boys' and girls' lacrosse, girls' volleyball, boys' baseball, girls' softball and girls' track and field. Co-educational intramural programs are offered for Grades Pre-K through 4th in soccer and basketball.

Our faculty and parent volunteers are continually looking for new activities and programs that can help enrich our students. We also have many venues to help our students become well-rounded stewards for our school and community. Some of the extra-curricular & co-curricular activities that our faculty and volunteers devote their time to include:

Athletic/Community/Fun	Academic	Religious	Community Service
Intramural Basketball/Soccer	Stock Market Simulation	Weekly Mass	St. Vincent Blanket Drive
