

## Welcome to St. Anthony de Padua Catholic School!

Our school joins its rich spirituality with its strong academic excellence to provide an enriching environment for children in Pre-K, age 4, through Grade 8. Our school community embraces one another so that Christ's love can be felt within our walls and in our community.

St. Anthony students strive to live their faith by being good stewards of the riches bestowed upon them spiritually, academically, and socially by the Holy Spirit and with the support of their teachers, families, and parish community.

Our faculty prepares our students to excel during their formative years, in high school, and beyond. We set high academic standards and teach our children to think critically, communicate effectively, and plan for success. Our values of personal responsibility and self-discipline influence all aspects of the learning process.

The curriculum of St. Anthony School is comprehensive and rigorous. Teachers utilize academic data to help them address individual academic learning needs. Consistent with the teachings of our Church, we recognize and encourage a wide range of talents and abilities among our students, reflective of our community's diversity. We maintain our high academic standards through a program of individualized instruction and targeted supplemental learning opportunities.

The value of prayer and worship in our daily lives is reinforced by scripture study, class retreats, service projects, and liturgical singing. Students participate in weekly Mass, sharing their gifts with each other and the faith community through their involvement as lectors, cantors, servers, gift bearers, musicians and choir members. As part of our curriculum, St. Anthony students prepare for and receive the Sacraments of Reconciliation, Eucharist, and Confirmation.

We invite you to visit St. Anthony School at any time of the year for a tour. Come see how we can engage, enrich, and encourage spirituality, academics, fellowship, and athletics in your child. Visit our website for more information about our school and parish or call the school office for a tour.

St. Anthony de Padua Catholic School has rolling admissions and is able to accept students in K -8, throughout the school year.
